# STANDARD OPERATION PROCEDURE

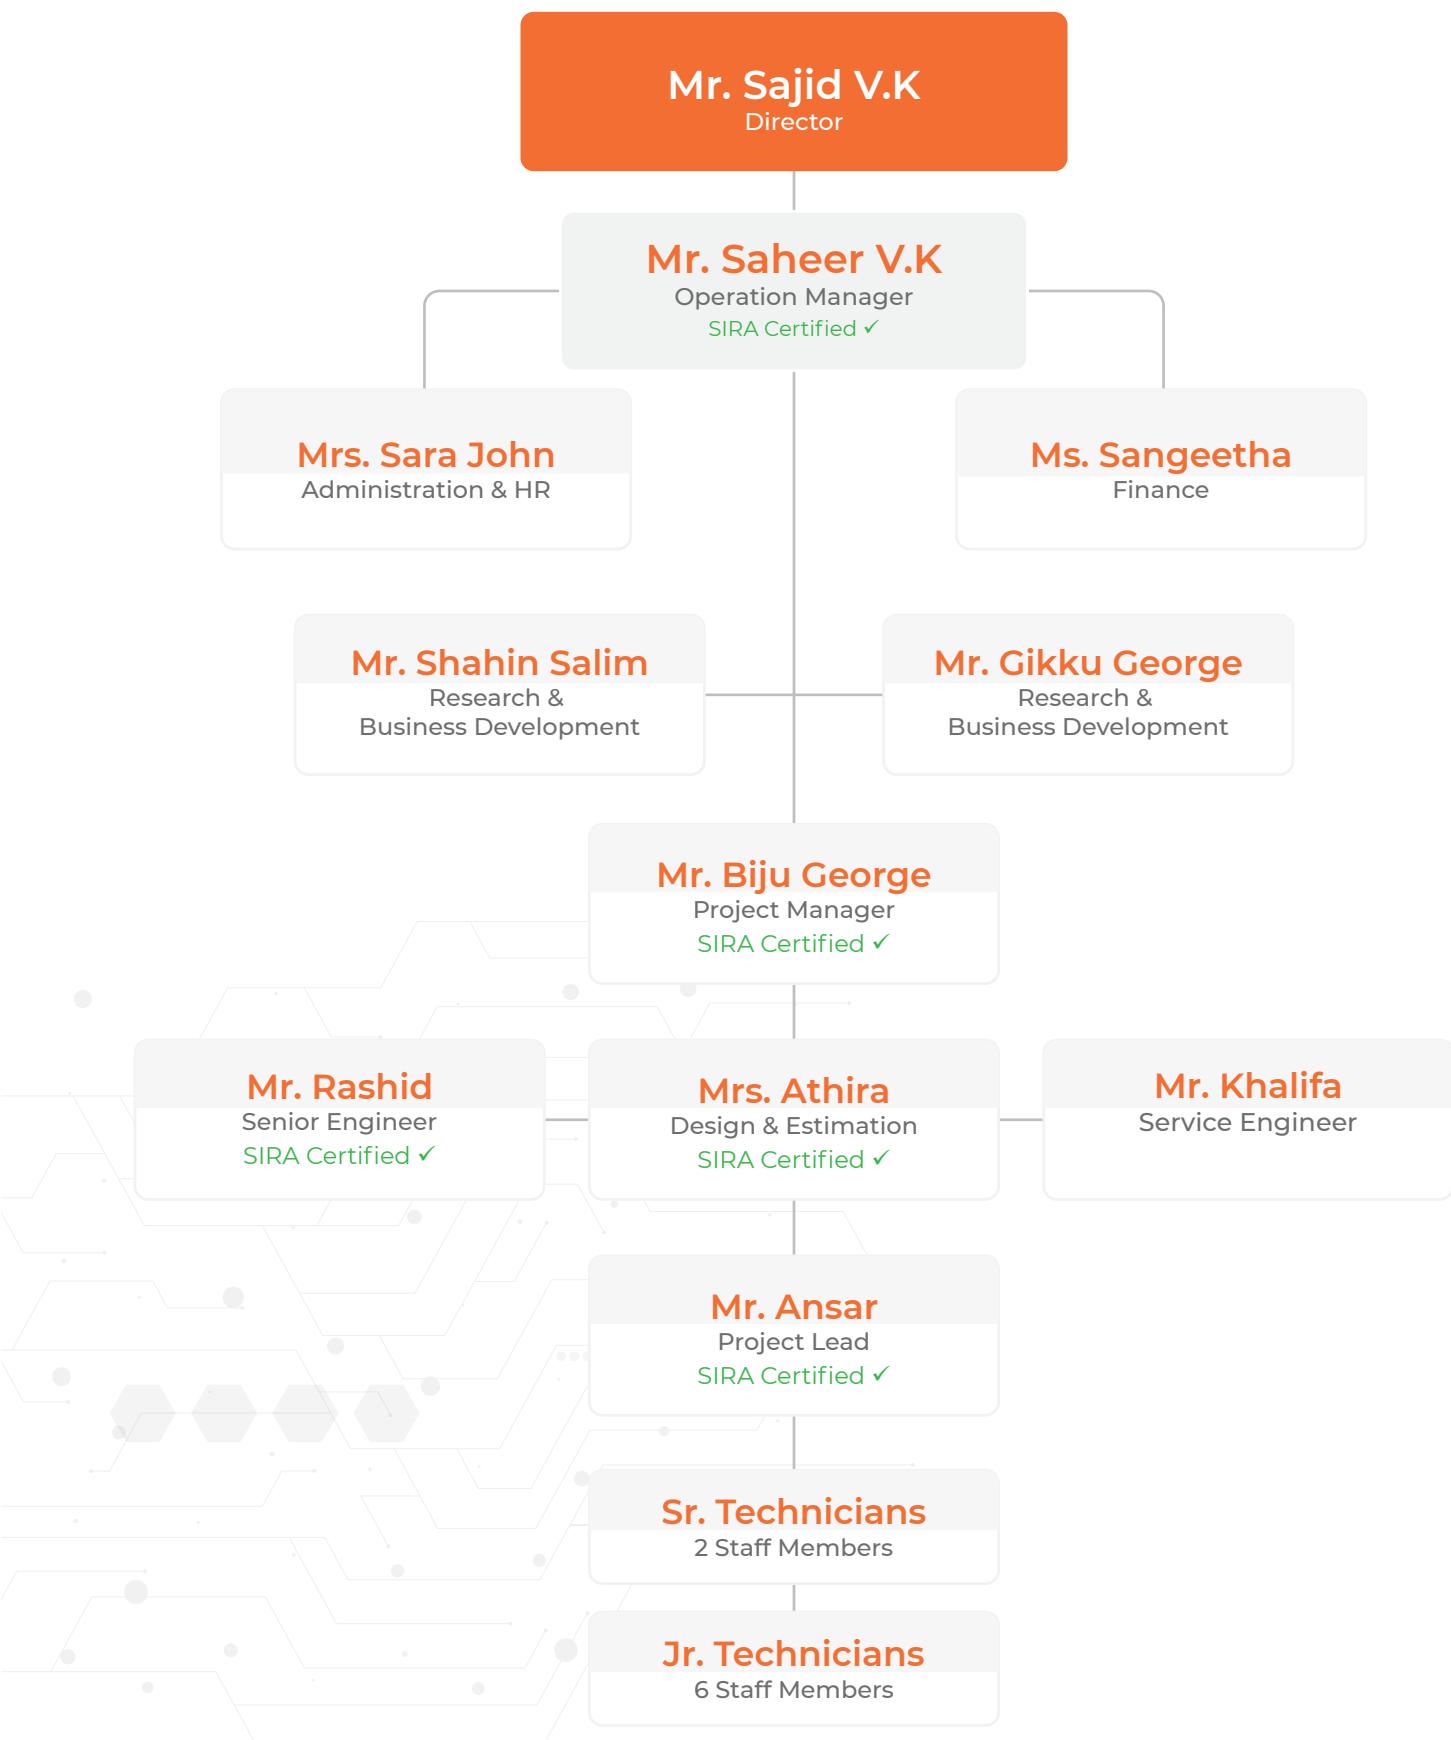

- Identifying the scope of work
- Pre sales
- Product knowledge
- Bill of Quantity

- Pre qualification
- Drawing preparation and submission

- LPO finalisation
- Project duration
- Manpower and material delivery schedule based on requirement

# ORGANIZATIONAL STRUCTURE

# COMPANY PROFILE

**Eway Infosystem LLC** was founded in 2011 as a tech integrator focused on innovation, integration, and inspiring new prospectus in technology. We are a SIRA certified integrator and SME registered company with a proven track record of success in the UAE. We have secured many projects within the UAE during our course of inception.

We are committed to providing our clients with the best possible service and solutions. We believe that technology can be used to improve people's lives, and we are passionate about using our skills and expertise to make a difference.

If you are looking for a tech integrator who can help you achieve your goals, we would be happy to discuss your needs and how we can help you.

**Professional  
Technical Team**

**Professional  
Sales Team**

- Our team of experienced professionals has a deep understanding of the latest technologies and trends.
- We offer a wide range of services, including design, supply, installation, testing, commissioning, and maintenance.
- We are a reliable and trustworthy partner who can help you achieve your goals.

## VISION

We envision a future where businesses are empowered by innovative IT solutions. We strive to be the leading provider of cutting-edge technologies and services, committed to continuous innovation, exceptional quality, and customer-centricity. We believe that these values are essential to empowering businesses with the tools and knowledge they need to achieve their goals, unlock their full potential, and shape a better future.

## MISSION

We empower businesses and individuals with transformative IT solutions that enhance efficiency, productivity, and growth. We deliver exceptional technology products and services, tailored to meet the unique needs of our clients. We exceed customer expectations and become their trusted partner in navigating the digital landscape.

We foster a culture of continuous learning and collaboration, attracting and retaining top talent to drive innovation and provide exceptional value. We build long-lasting relationships and contribute to the success and sustainability of our clients.

## CORE COMPETENCIES

Highly Experienced & Skilled Professionals

Dedicated & Trained Engineers for vivid product lines

SIRA and Local Authority certified Engineers

Representing globally established products and brands

Successful track record in handling projects in various sectors

## SERVICE OFFERINGS
